

IMwalleT (imwallet.in)

Website & Company Research Summary

Prepared from imwallet.in, MCA/company-registry data, and public business listings | September 2026

What the Site Is

IMwalleT is a B2B fintech and telecom aggregator platform operating in India. Its tagline is “**Exclusively Providing All Telecom Services Under One Roof.**” The site positions itself as a leader in Mobile Recharge API, Money Transfer API, and Bharat Bill Payment System (BBPS) API services for retailers, distributors, and channel partners across India.

Company Background

The platform is operated by **Virtual Wallet Systems Private Limited**, described on the site as a fast-growing Telecom Aggregator running B2B business through a Retail & Distributor Channel Partner network. Core services include mobile recharge, electricity/postpaid/landline bill payments, and banking services such as credit card bill payment — all processed within seconds.

- Claims 160+ Business Partners and 1,000+ Channel Partners
- Retail network of 50,000+ outlets, serving 5,000,000+ customers across rural and urban India
- Supports the Indian government's #DigitalPayments / #CashLessIndia initiative
- Founded / officially established in 2017, wholly owned by Virtual Wallet Systems Pvt. Ltd.
- Goal: a one-stop platform linking banks, utility billers, and mobile operators
- Claims to process approximately 30,000 recharge & bill-payment transactions per minute

Due-Diligence Notes & Assessment

This section summarizes what is (and isn't) verifiable from public sources, for anyone evaluating IMwalleT as a business partner, retailer/distributor, or API integrator.

What checks out

- Registered, active company with a valid CIN and a “Compliant” MCA filing status
- Consistent company narrative across the official site, IndiaMART listing, and RocketReach profile
- Operating history since 2017 (about 9 years), with recent filings (AGM Sept 2025, balance sheet Mar 2025)
- Presence across multiple channels: website, mobile app (Google Play), IndiaMART, LinkedIn, social media

What to verify independently before committing

- **BBPS/NPCI authorization status** — confirm current standing as a Bharat Bill Payment System operating unit (BOU) directly via NPCI's official list
- **RBI-related registration** for the money-transfer / AEPS side of the business, since domestic money transfer and AEPS services are regulated activities
- **Financial scale claims** (partner/customer counts, transaction volume, revenue/employee figures) are self-reported or from third-party estimator sites and are not independently audited
- **Recent partner/retailer reviews** and complaint history, e.g. through retailer forums, Google Play reviews for the AEPS app, or trade references
- **Commission structure and settlement terms** — not detailed on the pages reviewed; request directly

Company Officers

Name	Role
Subramaniam Arul Kumar (Arul Kumar)	Director
Pankaj Kumar Sharma	Director
Rashmita Nayak	Director
Vinay Sharma	Past Director

Company leadership has also been publicly quoted describing the company's origin story: prior industry experiences with unreliable recharge vendors and unclear pricing motivated the founding team to build a more transparent alternative for retailers.
